PROFILE SUMMARY

Results-oriented Backend Developer with 2+ years of professional experience designing, building, and scaling robust web applications using Python, Django, and REST APIs. Proven track record of delivering production-grade features for SaaS products and edtech platforms. Skilled in database design (MySQL, PostgreSQL), task queues (Celery), and version control (Git, Bitbucket). Strong collaborator experienced in Agile teams, Jira, and remote environments.

CORE SKILLS

- **Languages/Frameworks:** Python, Django, Django REST Framework, SQL, HTML, CSS, JavaScript, C
- **Databases:** MySQL, PostgreSQL
- **Tools:** Celery, Git, Bitbucket, Jira
- **Others:** RESTful API Design, CMS (WordPress), Agile Development

PROFESSIONAL EXPERIENCE

Zentrtech – Junior Backend Developer (Remote)

Singapore | Feb 2023 – Sep 2024

- Designed and developed scalable backend modules using **Python, Django, and Django REST Framework** for SaaS products serving 500+ active users.
- Implemented RESTful APIs and optimized database queries (**MySQL**), improving response times by 30%.
- Integrated **Celery** for background task processing, reducing main thread load and improving performance.
- Collaborated cross-functionally with frontend teams using **React**, delivering end-to-end features under tight deadlines.

ZestIot – Python Developer Intern

Hyderabad | May 2022 – Nov 2022

- Contributed to the core backend team to develop and maintain Python/Django modules for aviation industry solutions.
- Wrote unit tests and debugged production bugs, improving system stability.
- Enhanced API endpoints for better performance and scalability.

PROJECTS

- ZentraLearn: Skill-based edtech platform connecting learners and educators for live sessions. Developed backend APIs, user authentication, and scheduling features using **Django REST Framework**.
- AVI Leap: Aviation industry platform. **Integrated REST APIs and database modules** for real-time data tracking.
